Hello PIC Families,

It has been so good to hear news that a vaccine for COVID-19 is pending, and that there is real hope upon the horizon. Yet before we get to that horizon, we know that we need to get through what is sure to be a long winter ahead. We will need to do everything we have been doing (and more) to make it through the winter as safely as possible.

Information regarding COVID-19 continues to be ever-changing. As new information is released, and as we make changes to policies and protocols in PIC's COVID Family Handbook, we want to make sure everyone is kept up-to-date.

**We will host a PIC Town Hall meeting via Zoom for families on Thursday, December 17th from 6-7 pm.** The focus will be on planning for the winter with COVID-19. The consulting physicians on our PIC COVID Task Force will be at the meeting to address what we need to know about the months that lie ahead.

**Please send any questions you may have in advance to me at [dgreen@parentinfatcenter.org](mailto:dgreen@parentinfatcenter.org). We want to use our Zoom time together as prudently as possible.**

Here is the Zoom invitation.
