

Family Participation at PIC

“FPP” brings us together

Building a strong community of families and staff encourages the healthy development of children. By involving parents in the many phases of Center life and helping to build meaningful connections among members of our community, we aim to bring this mission to life.

- **What is the FPP?** Through the Family Participation Program (FPP), families commit to involvement at PIC in order to build a strong community of families that know one another and a network of caring for one another and for PIC.
- **When does it begin?** The FPP program begins in July (start of every fiscal year).
- **How do we participate?** Turn this paper over for the many ways that families can receive FPP hours!
- **Tracking FPP hours:** [FPP hours are self-reported on this form](#). Family participation hours suggested are the same for part-time and full-time families.

Annual PPP Requirements:

	Two Heads of Household	Single Head of Household
Early Learning Program	12 hours	6 hours
After School Center	5 hours	3 hours

Where Can I Look for FPP opportunities?

Weekly newsletters | PIC website | Posted in classrooms | Room Parent emails

We continue to look for ways to improve the FPP experience and welcome your feedback.
